

## Manifesto

I, Tejas Ghorpade( 153190007) if elected for the post of General secretary Academics propose to do the following:

1. In the first week of college, arranging basic workshops for students for core subjects
  2. Conducting basic programming workshop for First year MSc's< M.tech as well as PhD's.
  3. Ensuring students get an unbiased view of electives and proper information before making choices.
  4. Arranging lectures of all electives at end of semester for interested students.
  5. Arranging lectures for additional subjects based on online courses done by students.
  6. Arranging workshops for important programming languages.
  7. Conveying information about relevant talks organized by the institute or department on some common platform.
  8. Conducting atleast two meetings with the alumni to know relevance of the subjects studied in the industries with help of Joint secretary HR.
  9. Conducting a lecture for scope in research in IEOR with help of senior PhD students.
  10. Atleast two meetings in a semester for feedback about academic and discussion of academic problems.
  11. Aiding DPC in placement assessment activities.
  12. Ensuring that all the IEOR students are noted and can participate in the activities.
- Additional

## Proposals:

1. Will seek permission and try to develop interest of selected candidates in IEOR by maintaining a facebook or whatsapp group after selection procedure is done.
2. Encouraging participation of everyone in the Reading Group activities
3. Gauging the interest of students in electives and discussion with faculty for introducing those electives.
4. Try to bring up the issues of internships of M.tech students.

## Credentials:

1. Overall consistent academic performance along with active participation in extra curricular activities.
2. Coordinator in B.tech college tech-fest events in first, second and third year of engineering.
3. Initiated, co-edited and contributed to wall magazine of mechanical department in B.Tech.
