Page 4: Section 6.1, Table 1, last row:

The 95% CI for Time in Model A should be (27.71, 36.56) and Time in Model B should be (9.18, 8.68).

The PDF file of the paper available in < <http://www.ieor.iitb.ac.in/~jayendran/>> is the updated version with the correct figures.
